Joe Brand
Berkel & Company Contractors, Inc.
7300 Marks Lane
Austell, GA 30168

Dear Joe,

The ExxonMobil / Jacobs NRD Team is extremely pleased with the performance your company provided on the project in Baton Rouge. You did an outstanding job of working through all of the project requirements, schedule issues, obstructions and general performance restraints on our project. Because of your hard work and attention to detail "Nobody Got Hurt", the quality of the installation was excellent, you finished ahead of schedule and costs were right in line with our expectations. These are the traits this team has adopted as our project guidelines and we thought it appropriate to pass this on to you. Please communicate our appreciation and thanks to the members of your team, especially those at the site.

Attached is a plaque from the "NRD Team" and is in demonstration of our appreciation for your outstanding performance.

At the same time, we offer our humblest apologies for not having this award available at the time of demobilization of your team.

David L. Wilson
Jacobs Manager of Construction

Scott Gramer
ExxonMobil Construction Manager

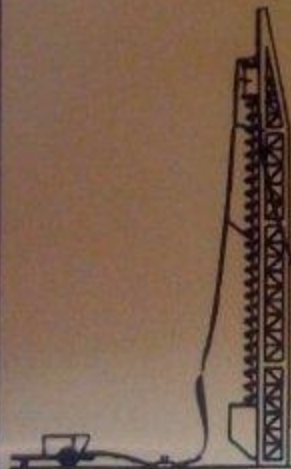

This award is presented to
BERKEL & Company Contractors, Inc.

In appreciation of your Safety Focus,
Hard Work & Professionalism on the
