Re: Berkel and Company Contractors

To whom it may concern:

I am writing today to tell you of my recent experience with Berkel and Company. We hired Berkel in November of 2012 to perform soil nailing and auger cast piles for us on the SKC CF04 project in Covington, Georgia. Their contract amount was \$225,000.

Berkel's performance on the project was outstanding. They completed their work much faster than anticipated, they were proactive in anticipating future problems so the problems could be avoided, they worked well with all of the other contractors, and they paid attention to the details. All of their employees were very professional and they all worked together to ensure the work installed was of the highest quality.

I have nothing but great things to say about Berkel and I highly recommend them. I am sure they will perform flawlessly for you as well. Please let me know if you have any additional questions.

Sincerely,

A handwritten signature in blue ink, appearing to read "Dallas Galli".

Dallas Galli
Project Manager
