Dear Randal:

Thank you so much for your commitment to our project and for the time and energy you have spent on this project. I take great pride in the completion of this building knowing that we have provided an architecturally unique, industry leading, center for cancer care and research. We faced many challenges during this project and your efforts were critical to the overall success!

I could not have done this without you. Great job!

Thank you again!

Sincerely,

Jeff Carroll
